

New!

Online Scholarship Application

Our scholarship application is now **all-online**. Here's what you need to know to get financial aid for Revolution Prep group courses!

1

A student who is interested in a scholarship needs to **call our client relations team at 877-REV-PREP** to request a unique link to an application for the class he/she is interested in taking.

2

He/she **fills out the online form**, including the essay, an estimate of his/her family's annual income and his/her counselor's name and email address for verification purposes. Each student who submits a complete application gets an immediate confirmation email.

3

After we review the application, the **counselor gets an email** with a link to our site, where he/she can verify the student's financial need.

4

Once the counselor has verified financial need, the student receives an email with the scholarship amount and a **link to an online enrollment page**. The student can enroll online or by calling 877-REV-PREP.
